

PHYSICIAN FORMULATED

SUGGESTED USE: Take 8 capsules daily, with a meal, in divided doses, or as directed by your healthcare professional. Do not take within 5 hours of bedtime.

Children and pregnant or lactating women should consult their healthcare professional prior to use. Do not use if tamper seal is damaged.

CAUTIONS: Consult your healthcare professional before use. Keep out of reach of children. Avoid if allergic to any ingredient. Do not exceed 1500 mcg RAE intake per day of preformed vitamin A (retinol or retinyl forms). Evaluate total vitamin K intake from food and supplements if you are taking blood-thinning medications.

STORAGE: Keep tightly closed in a cool, dry place out of reach of children.

Optimal Prenatal is a comprehensive prenatal formula designed to meet the high nutritional needs of women who are pregnant or preparing for pregnancy – or anyone looking for a well-rounded multivitamin. This formula contains both folic acid and L-5-MTHF, the most biologically available forms of folate, which are essential during pregnancy to support healthy brain development. L-5-MTHF works in conjunction with amino acids, chelated minerals, and coenzyme forms of B vitamins to support cardiovascular, neurologic, and immune health and normal cell growth. This formula is iron-free to allow for maximal versatility.¹
